THE German Squadron consisting of the Flagship Leipzig and the corvettes Alexandrine and Sophie arrived at San Francisco That if the pudding be good, the on Friday morning, June 5th, after a passage of 31 days. As the fleet had orders from the Home Government to proceed without delay to Chili, a contract was entered into between the Admiral and Langfeldt & Co., Limited, to have all their supplies and provisions in readiness on their arrival, so that no delay should be occasioned. To the great disappointment of all the officers and the citizens of San Francisco, the full supplies were furnished by Langfeldt & Co., Limited, within two days, and the fleet left for Chili on Sunday, the 7th of June.

A CORRESPONDENT at Tientsin writes, under date the 29th June, that all was quiet there, everybody laughing at the ridiculous panic that (it is supposed there) has seized Shanghai, with its men-of-war, volunteers, steamers, etc. while Tientain has no gunboat within hundreds of miles, and steamers only occasionally at the bund. It is a mittake, we are told, to suppose that Li is remaining passive, as he is much alarmed and is using all his influence to maintain order. There is a report, we learn, which remarkably corroborates Mr Drummond's theory that Li is trying to push Anhui men to the front in preference to Hunan men. It is, that Liu Ming-chuan is to be appointed to assist the Viceroy Liu Kun-yi at Nanking, as a sort of special commissioner, should his health permit of it when he returns from Formosa. Liu Ming-chuan, as is well known, is an Anhui man and a special protegé of Li Hung-chang, and if this appointment is made, it will be a very significant one. - N. C. Daily News.

'FRAGRANT WATERS' MURMUR That the bad condition of the roads in many places can't surely be set down in every case to the destructive habits of the Water and Drainage Department.

That we all know it is absolutely necessary

to break up the roads before pipes, large or small, are placed underground. That it puszles many residents to find that

the W. D. D. and the P. W. D. do not always work together in digging up the thoroughfares.

That even allowing for the delays caused by the rainy season, the W. D. Department still fails in considering the public convenience.

That I fancy the W. D. D. is more to blame than the P. W. D. in this matter.
